

Swifts, a pioneering manufacturer in the offset printing industry, was founded by Shri Appasaheb Marathe, in 1955. With over 10,000 installations and five decades of expertise, Swifts is an influential player in the short and medium sized printing industry.

Today, Swifts provides innovative and technologically sound solutions for the printing and packaging industry. We believe in delivering products efficiently without compromising on quality. Swifts began its growth story in 1955, led by one of the most inspiring business leaders of contemporary times, Shri Appasaheb Marathe. A humble refugee from Karachi, he went on to steer Swifts in its early years. His perseverance, diligence and sound insight helped establish Swifts as a brand associated with quality & reliability. After Appasaheb, his son Shri Sureshbhau Marathe carried the mantle forward. Under his stewardship, Swifts spread its wings across the Indian Subcontinent. He established Swifts as India's premier offset printing manufacturer, his efforts being appreciated by the President of India's Award for Import Substitution.

Today, Swifts is led by a team which is inspired by its rich history, present trends, & a promise for the future. With its reach widening across the globe, Swifts aims to be a global brand in the printing and packaging industry. Swifts aspires to ensure customer delight by providing value for money solutions. With its firm resolve of providing continuous improvements in existing products and maintaining a potent frequency in the launch of new innovative ideas, Swifts commits itself to achieving excellence, in order ensure the satisfaction of its esteemed customers.
